

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Nepon Tree,		

East of the Moorawarrie is a large tribe speaking the Uollaroi dialect; they have the same sectional divisions as the former, and with some variations their totems closely agree. In both tribes descent is reckoned through the mother. In gathering the particulars respecting the Moorawarrie tribe, now for the first time published, I desire to thank Mr. J. E. Miller, of Goodooga, for his willing assistance.

*Stated Meeting, May 6, 1898.*

Vice-President PEPPER in the Chair.

Present, 12 members.

Dr. Edward Pepper was presented to the Chair, and took his seat as a member.

A communication entitled "Contributions to a Revision of the North American Beavers, Otters and Fishes," by Samuel N. Rhoads, was presented for publication in the *Transactions*. It was referred to a Committee consisting of Mr. Arthur E. Brown, Mr. Pilsbry and Dr. Jayne.

Mr. Edmunds made a statement on behalf of the Committee on the Amendments of the Laws, and moved that when the Society adjourn, it adjourn till 3 P.M. on Friday, May 13. Carried.
